

Complete cloud-based calling, meeting, and collaboration

Webex Teams powered by Atmosphere® Voice Services and Messaging

Transform your business with Cloud Communications from Cisco Webex Teams powered by Atmosphere® Voice Services and Messaging. Only want business phone service? Need to improve collaboration across the company? With Cisco Webex and IntelPeer, you can do all of that and much more.

Get a business phone system you can take anywhere

With Atmosphere® Voice Services and Webex Calling, you're just one click away from sending and receiving secure, reliable, high-quality voice calls anywhere.

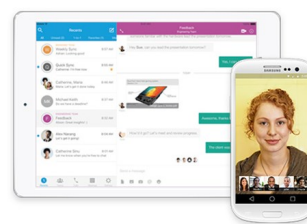

- ➔ Cloud-based phone & PBX
- ➔ Complete calling plan
- ➔ Speedy turn-ups
- ➔ Mobile calling
- ➔ Secure & reliable
- ➔ Flexible & scalable

Bring everyone and everything together

Your business messaging app, conferencing solution, and phone system in one place. Increase productivity, accelerate business operations, facilitate innovation, and promote effective teamwork with Webex Teams.

- ➔ Complete communications
- ➔ Single pane of glass
- ➔ Total collaboration
- ➔ Increase productivity
- ➔ Virtual workspaces
- ➔ Intuitive user experience

Add on SMS capabilities

Add on Atmosphere® Messaging to extend the capabilities of your Webex Teams client. Send and receive SMS messages to users or Webex Teams Spaces to further increase collaboration and productivity.

Take a hybrid approach

Not ready to make the move to complete cloud communications? Protect current investments and get all the benefits of the cloud by using Webex Hybrid Services and Cisco Expressway. Connect your on-premise equipment such as Cisco Unified Communications Manager, Business Edition 6000 or 7000, or Hosted Collaboration Solution with Webex Teams and Atmosphere® for a tightly-integrated calling and messaging solution.
